

6th Edition

INDIA INTERNATIONAL SUPPLY CHAIN CONFERENCE

Aerospace & Defence 6th Edition

“Deliberation On Requirements & Supports”

Venue: Dr VM Ghatage Convention Center, HAL Airport Road, Bangalore

Date: 02-03 JUL 2026

A Conference Connecting all stakeholders

Make a Sustainable Supply Chain in INDIA And to Integrate to Global Supply Chain

Objectives – IISCC-ASD

To facilitate synergy and networking among Indian Aero, Space and Defence Manufacturers, R&D organisations, foreign OEMs, Knowledge and Skilling Partners, and for Strategic Collaboration and sustained Supply Chain development for the benefit of all.

India is emerging as a Notable contender in the global supply chain landscape. The country's strengths, extending beyond software in engineering and Manufacturing, coupled with a maturing supply Chain. This unique synergy makes India a suitable destination for Aerospace investment, presenting a new and promising hub for global aerospace manufacturing and sourcing.

Global OEMs are looking forward to have a sustainable Supply Chain in India for their needs.
