National Seminar on UAV - Design to Deployment

SIATI

HAL — A Maharatna CPSE
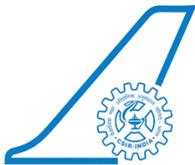

Date: 11-12 June 2026
Venue: SR Valluri Auditorium, CSIR-NAL,
HAL Airport Road, Bangalore

Society of Indian Aerospace & defence Technologies & Industries (SIATI) along with National Aerospace Laboratories (NAL) with support from Hindustan Aeronautics Limited (HAL) and Aeronautical Development Establishment (ADE) have pleasure to invite you to this TWO - DAY Seminar.

UAV / AAM - Design-to-Deployment involves a structured engineering workflow: defining mission requirements, designing airframes (fixed-wing, rotorcraft or Hybrid), simulating performance, prototyping, and optimizing deployment algorithms for Military & Civil Applications

Who should Attend

- UAV / AAM- Designers & Manufacturers of: -
    - Airframes
    - Engines / Motors / Batteries
    - Control Systems
    - Communication / Data Link Systems
    - Mission Systems
    - Weapon Systems
- Testers & Certifiers
- Users / Operators & Academia

Topic Highlights

- UAV Programs in India
- SWARM UAVs
- UAV Propulsion
- Urban Air Mobility
- Civil UAV Applications
- Drone Technologies
- Certification of UAVs

Registration

Sponsorship : Gold / Silver : 3L / 2 L
Stall Booking : 9 Sq Mtr / 6 Sq Mtr- 40K / 30K
Participation : Rs 4000 / Delegate
Rs 2000 / Student
BANK DETAILS: SBI- HAL Branch
A/c No. 31759635132; IFSC SBIN0001114
